

MORTGAGE LIFE INSURANCE

KEY FEATURES

This document is a summary of the product benefits, you must use this alongside the product booklet.

Irish Life's Mortgage Life Insurance is a simple, cost effective, guaranteed protection plan, designed to provide a decreasing lump sum benefit, over a specified term, to pay off your mortgage in the event of your death and / or illness. The payments you make will be fixed for the term of the plan.

WHAT BENEFITS ARE AVAILABLE?

LIFE COVER

This pays a lump sum if you die. The maximum cover is €10 million. The lump sum benefit decreases over the term of the plan in line with either a 6% or 8% annuity mortgage depending on the option chosen.

SPECIFIED ILLNESS COVER

This pays a lump sum if you are diagnosed with one of the 44 conditions we cover. We will also make a partial payment on a further 21 conditions. Specified illness cover is available on an accelerated payout basis. There are specific definitions for each of these conditions, please refer to the product booklet for these.

ADDITIONAL BENEFITS

In addition to the expected plan benefits, Irish Life's Mortgage Life Insurance can also provide you with a range of additional benefits:

CHILDREN'S COVER

If you take out life cover, your children age 0 to 21, are automatically covered for life cover of €6,000. Where you take out specified illness cover or hospital cash cover, your children, aged between 30 days – 21 years, are automatically covered for these benefits also.

- Specified illness cover – €25,000 or half of your specified illness cover, whichever is lower. Children are also covered for one partial payment of €7,500 or half your specified illness benefit amount, whichever is lower.

PROTECTION FLEXIBILITY

This allows you to make significant changes to the level or term of your benefits without cancelling your existing plan and taking out a new one. When you change your benefits or plan term we will calculate your plan premium again at that time. This may mean it goes up or down.

ACCIDENTAL DEATH BENEFIT

This is a temporary automatic benefit, available when you take out life cover. We will pay the death benefit (to a maximum of €150,000) if you die as a result of an accident. It covers you from the time we receive your filled-in application form, until any one of the following happens:-

- we accept your application;
- we offer special terms;
- we refuse your application;
- we postpone your application; or
- 30 days have passed; whichever is earlier.

The benefit is available if you are younger than age 55. Once we have accepted you for life cover this benefit will stop and your regular life cover starts.

GUARANTEED INSURABILITY

A new plan for up to the lower of €125,000 or 50% of the original cover amount can be set up without any information about your health prior to age 55 if you:

- get married;
- have a child;
- take out a new or increased mortgage; or
- get a salary increase.

This option can only be availed of twice.

OPTIONAL BENEFITS

Irish Life's Mortgage Life Insurance can also provide you with the following optional benefit:

GUARANTEED COVER AGAIN

This allows you change your cover to another Mortgage Life Insurance plan (or equivalent) at any stage throughout the term of the plan, without any new evidence of health. As Mortgage Life Insurance is a decreasing term plan;

- the level of cover on the new plan cannot exceed the sum assured on your current plan just prior to conversion;
- you can choose a term up to the maximum available at the time you convert; and
- the maximum guaranteed cover again benefits are subject to an overall limit of €5 million for life cover and €1 million for specified illness cover over all the plans you have with Irish Life.

Acceptance Terms and Conditions apply to all of the benefits. You must keep up payments to remain on cover.
