NOTES:

If contributions are deducted from your salary by your employer:

Your employer can take contributions from your salary whenever you are paid. This could be every week, fortnight or monthly. Irish Life will then take this contribution from your employer's bank account. Please note that your plan will be a monthly-paid plan and we will collect contributions from your employer every month.

For Example: If you are paid weekly and decide to make a regular contribution of €60, we multiply €60 by 52 (weeks in a year) and divide it by 12 (months in a year). Your plan will then be set up for €260 every month and we will collect this from your employer's bank account every month by direct debit.

Therefore, at certain times, deductions made from your payroll may be held in your employer's bank account for a short period before they are sent to us and invested in your plan. Contributions are invested on the day we receive them.
