

clear tracker 8

With capital protection provided by Irish Life

Closing date
21 April
2011*

Irish Life

*Closing date may be earlier if we receive too many applications.

product snapshot

Clear Tracker 8		
Aim		To give some of the potential growth in the EURO STOXX 50 index, with your investment protected at the end of your investment period.
Funds Available		Two.
Time Period		<ul style="list-style-type: none"> • Three years six months – Option 1 • Four years six months – Option 2 You cannot withdraw your money before the end of this period.
Risk		Low risk (We explain the risks for this product on pages 9 and 10).
Capital Protected		Yes, at the end of your investment period. Please see page 9 for full details.
Jargon Free		Yes.

Committed to Plain English

There is no financial jargon in this booklet and everything you need to know is written in an upfront and honest way. We are delighted to have received the 'Best in Plain English' Award from the Plain English Campaign. This award recognises our commitment to communicating clearly. For this award, we were chosen ahead of 12,000 other organisations from 80 countries.

All information including the Terms and Conditions of your plan will be provided in English.

The information in this booklet was correct on 21 February 2011 but may change.

Important information you should read

- It is important when you invest in a plan that you fully understand the benefits and risks involved. We recommend you read the important points outlined in the suitability snapshot on page 3.
- For the detail of your investment, and what you are buying, please see pages 4 and 5, How Clear Tracker 8 works.
- We have highlighted the main risks of this plan and who provides the capital protection and potential return on pages 9 and 10.
- The most common questions asked are on pages 11, 12, 13 and 14 (including details of government taxes and levies that apply). You should also get advice from your financial adviser before investing in this plan.

1 Introduction

Clear Tracker 8

- The closing date for applications is 21 April 2011. (This could be earlier if we receive too many applications).
- Your investment will start on 3 May 2011.

Clear Tracker 8 is a great investment option for the cautious investor. Over the long term, investing in shares can consistently give you the best rewards. Anyone can invest directly in stock markets. However, buying and selling shares can be expensive and you need a lot of time and money to invest in more than just a handful of shares. You will also know that shares can fall in value, sometimes by large amounts, and this risk may put people off investing in shares.

This is where Clear Tracker 8 could provide the solution for you. We have designed this product so that 100% of your investment is protected. Plus, you also have access to the potential growth of the EURO STOXX 50 index - Europe's leading index for the Eurozone.

2 Is this plan suitable for me?

We have outlined some important things for you to consider to help you decide if this plan is suitable for you. If you are in any doubt, you should contact your financial adviser.

Suitability snapshot

Clear Tracker 8 could be suitable if you:

- ✓ want to invest for three years six months or four years six months and do not need to withdraw your money before then;
- ✓ have at least €10,000 to invest;
- ✓ are 80 or younger (next birthday);
- ✓ do not need to make regular withdrawals;
- ✓ want an investment that protects your money and understand that we have designed this product to protect your investment (this means you are happy to settle for potentially lower returns than you could achieve by investing without capital protection); and
- ✓ are prepared to accept the possible risks attached to this product that are explained on page 9.

Clear Tracker 8 is less suitable if you:

- ✗ want to invest for a different period and may need to withdraw your money (especially in the case of unexpected emergencies) before the end date;
- ✗ have less than €10,000 to invest;
- ✗ are over 80 (next birthday);
- ✗ want an investment that allows you to make regular withdrawals or add regular contributions to your fund;
- ✗ are looking for higher returns and are prepared to risk your investment; or
- ✗ are not prepared to accept the possible risks attached to this product that are explained on page 9.

③ How Clear Tracker 8 works

Clear Tracker 8 is designed to protect your amount invested even if the EURO STOXX 50 index falls.

What am I buying?

This plan is a tracker bond. A tracker bond is an investment that aims, at the end of the product term, to return a set percentage of your investment plus the possibility of an extra amount based on the performance of a stock-market index.

There are two parts to a tracker bond and we split your investment between them.

The first part of your money buys a bond. This returns a set percentage of your investment when it becomes due for payment (maturity). A bond is a type of loan given to a company or government which is due to be paid at maturity.

The second part of your money buys an option on a stock-market index, which provides the potential returns. The return on the option is usually measured as a percentage growth in the index (for example 115% option 2). The potential return at maturity depends on the growth of the stock-market index.

To provide the capital protection on your investment in this plan, we use a percentage of your money to buy a bond. We then use the rest of your money to buy an option on the EURO STOXX 50 index through Barclays Bank plc (Barclays). You are not investing directly in the EURO STOXX 50 index. Your investment will be linked to the performance of this index which will determine the potential return on your investment.

The EURO STOXX 50 index is Europe's leading index for the Eurozone. This index covers large, high-profile companies which are leaders in their field in the Eurozone.

The index tracks 50 stocks from 12 Eurozone countries: Austria, Belgium, Finland, France, Greece, Germany, Ireland, Italy, Luxembourg, the Netherlands, Portugal and Spain (February 2011).

We describe the investment options available under this plan and the potential returns on pages 6 to 8.

Averaging

We also aim to protect you from falls in the value of the EURO STOXX 50 index towards the end of your investment. We do this by smoothing out the ups and downs over the final six months on option 1 and the final 12 months on option 2. This can reduce the effect of any falls in the value of the index but can also reduce how much your investment grows in value.

Warning: The value of your investment may go down as well as up.

4 Your investment options

Choose the right investment option for you

Clear Tracker 8 offers you two options. We explain each of the options clearly on the following pages to help you understand the difference between them and the benefits of each, so you can choose the option that best suits your specific needs.

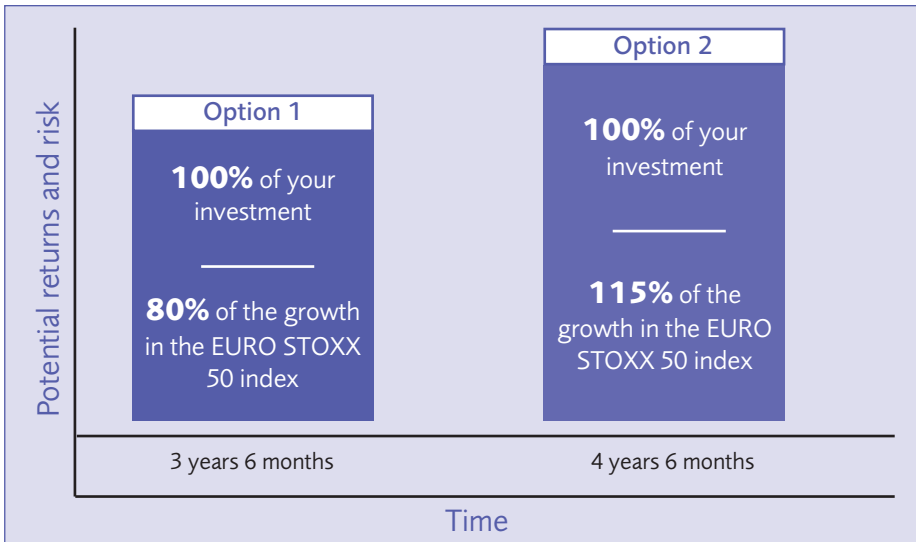

Two easy steps to choosing the right investment

1. Choose a time

You can invest for three years six months or for four years six months.

2. Choose your potential level of return

This will depend on the option you choose. You will get a potential return of 80% or 115% of the growth in the EURO STOXX 50 index depending on the option you have chosen.

Option 1 - Three years six months

This option may appeal to you if you want capital protection at the end of three years six months and you are looking for potential growth in your investment.

Your investment details

Investment period:	Three years six months
Investment start date:	3 May 2011
You cannot cash in your investment before:	3 November 2014

At maturity your plan is designed to provide the following, before tax.

Capital protection

- 100% of your investment; and

Potential returns

- 80% of the potential growth in the EURO STOXX 50 index.

For example

If the EURO STOXX 50 index grew by 20%, you would receive 16% growth.
(80 divided by 100 multiplied by 20 = 16%)

Even, if there is no growth in the EURO STOXX 50 index or it is negative, we have designed the plan to give you 100% of your investment back on the 3 November 2014.

Option 2 - Four years six months

This option may appeal to you if you want 100% capital protection at the end of four years six months and you are looking for good potential growth in your investment.

Your investment details

Investment period:	Four years six months
Investment start date:	3 May 2011
You cannot cash in your investment before:	3 November 2015

At maturity your plan is designed to provide the following, before tax.

Capital protection

- 100% of your investment; and

Potential returns

- 115% of the potential growth in the EURO STOXX 50 index.

For example

If the EURO STOXX 50 index grew by 20%, you would receive 23% growth.
(115 divided by 100 multiplied by 20 = 23%)

Even, if there is no growth in the EURO STOXX 50 index or it is negative, we have designed the plan to give you 100% of your investment back on the 3 November 2015.

5 Important information and the main risks

Who provides the potential returns and the capital protection?

Irish Life Assurance plc (Irish Life) will provide the capital protection that applies when the plan matures. We are based at Lower Abbey Street, Dublin 1. Irish Life Assurance plc is regulated by the Central Bank of Ireland.

The potential returns (see pages 6 to 8) that apply when Clear Tracker 8 matures are provided to us by Barclays Bank plc (Barclays), 1 Churchill Place, London E14, 5HP. Barclays is a public limited company and is authorised by the Financial Services Authority.

Counterparty risk

We have designed this product with the aim of protecting you from certain market risks by providing capital protection. However, it does not protect you from counterparty risk, which is a common feature of life assurance trackers.

A counterparty is the financial company who provides the capital protection, potential returns (or both) on a tracker. The counterparty on Clear Tracker 8 is Barclays Bank plc. Counterparty risk is the risk that a counterparty cannot pay what they owe.

For Clear Tracker 8, this could mean that you may not receive some or all of the potential returns if Barclays Bank plc cannot pay us what they owe. Your contract is with us Irish Life Assurance plc (Irish Life). You do not have a contract with Barclays Bank plc. We are committed to passing on the full value of the amounts we receive from Barclays Bank plc to you. If for any reason Barclays Bank plc cannot pay us what they owe, you could lose some or all of the potential returns on this plan. We will not use any of our assets to make up any shortfall.

Credit Ratings

One of the ways to measure the level of counterparty risk is by the counterparty's credit rating. Credit ratings are an assessment of how creditworthy an

organisation is. They are based on the organisation's history of borrowing and repayment, as well as the level of assets and level of debts. They can be a useful way to compare the credit risk associated with different companies and related investments. They are provided by independent companies known as rating agencies and are reviewed often. Remember these credit ratings can change over time.

Barclays Bank plc - credit ratings

Barclays Bank plc is rated AA – by Standard & Poor's (this is the 4th rating on a scale of 22) and Aa3 by Moody's (this is the 4th rating on a scale of 21) and AA – by Fitch (this is the 4th rating on a scale of 22).

Irish Life Assurance - credit ratings

Irish Life Assurance plc is rated BBB- by Standard & Poor's (this is the 10th rating on a scale of 22) and BBB by Fitch (this is the 9th rating on a scale of 22). These ratings are correct as at 23 February 2011.

Some other risks on this plan are shown below.

- The Irish Government, through the Irish Deposit Protection Scheme, currently guarantees 100% of deposits up to €100,000. Because this plan is a life-assurance contract, it does not qualify for this protection.
- You may not receive the potential returns outlined on pages 6 to 8 as the overall returns depend on the performance of the EURO STOXX 50 index. There may be no growth in the index. This plan tracks the performance of one index only.
- Your personal circumstances may change and you may need to withdraw your money before maturity. Remember, you cannot cash in this plan before maturity.
- Averaging in the final six months on option 1 or the final 12 months for option 2 can reduce the effect of any falls in the value of the index. However, it can also reduce how much the index grows by. We explain averaging in more detail on page 5.
- Inflation may reduce what you can buy in the future.

6 Your questions answered

How long is this product available for?

The closing date for the investment is 21 April 2011. The investment will start on 3 May 2011.

What is the smallest amount I can invest?

The smallest amount you can invest is €10,000.

How am I protected against any fall in the index?

Clear Tracker 8 is designed to protect your investment at the end of the investment period. This tracker is also designed to protect you from any fall in the index towards the end of your investment. We smooth out the ups and downs over the final six months on option 1 or final 12 months for option 2 of your plan so we reduce the effect of any fall of the index. However, this can reduce the growth in your investment if the index were to increase over this final period.

What charges do I pay?

The charges you pay include our costs of setting up and running your investment. Please read the customer information notice for full details of the effect these charges will have on your investment.

Can I cash in my investment early?

No. Clear Tracker 8 is a fixed-term investment. The term depends on the option you choose, either three years six months (option 1) or four years and six months (option 2). You cannot cash it in before the end of the investment period.

What happens at the end of the investment period?

At the end of your investment period, you can:

- cash in your investment; or
- take out a new investment (from what is available at that time).

If you do not choose either of the two options shown above, we will place the value of your investment (at the end of the investment term) into a cash fund available at that time. It takes a few days from the maturity date before the cash-in value is available.

What tax do I pay?

You must pay tax on any profit your investment in Clear Tracker 8 makes. The tax rate is currently 30% (February 2011).

We will pay this tax for you to the Revenue from any profit your investment makes.

We will pay this tax when you:

- cash in your investment after three years six months (option 1)
- cash in your investment after four years six months (option 2);
- die; or
- transfer ownership of your Clear Tracker 8 to someone else.

If you do not cash in your investment when it matures, we will transfer it into a cash fund available at that time. If you have not cashed in your investment within eight years of your initial investment, we will tax any profit your investment has made up to that date and for every eight years after that.

Life Assurance Levy

We will collect any government taxes or levies and pass them directly to the Revenue Commissioners. The current government levy on life assurance payments is 1% (February 2011). We will pay this levy out of the money received from you. We will then invest the rest of your money in Clear Tracker 8. This will be your investment amount.

What happens to my Clear Tracker 8 if I die?

If you die or, for joint-life cases, if either investor dies while the investment is still in force, we will switch the fund value into the Life Claims Cash Fund when we receive notice of the death. The death benefit (before tax) we pay will be:

- the amount invested; or
- 100.1% of the value of your fund at that stage;

whichever is higher.

We will pay this on the date we receive all documents we need for a death claim. Under law we will have to pay tax at 30% (February 2011) on your profit if we pay a death benefit (see section 'What tax do I pay?').

Who can invest in Clear Tracker 8?

You must be living in the Republic of Ireland and aged between 18 and 80 (next birthday). In the case of joint-life policies, both investors must be aged 80 (next birthday) or under.

What happens after I apply?

When we receive your application, we will send you:

- an investment schedule which sets out the details of your investment;

- an investment document which sets out the terms and conditions of your investment;
- a copy of this booklet; and
- a detailed customer information notice.

Can I change my mind?

We want to make sure that you are happy with your decision to invest in Clear Tracker 8. As a result, you will have 30 days from the day that we send you your investment documents to change your mind and cancel the investment. If you decide to cancel at that stage, we will give you back the amount invested in Clear Tracker 8, less any reduction in the value of your investment that may have happened while the investment was in place.

How will you tell me about the progress my investment has made?

We will write to you each year with an update on your Clear Tracker 8. If you need an update on the performance of your Clear Tracker 8 at any other time, you can also call our customer service team.

How to get in touch

If you have any questions about your Clear Tracker 8 plan, we are here to help. You can contact us in many different ways. It's your choice.

Call us on:
01 704 1010

Our phone lines are open:

8 am to 8pm	Monday to Thursday
10am to 6pm	Friday
9am to 1pm	Saturday

Email us:
customerservice@irishlife.ie

Write to us:
Irish Life
Customer Service Team
Lower Abbey Street
Dublin 1

Fax us: 01 704 1900

Website: www.irishlife.ie

You can check the value of your plan online, send us a question, ask us to call you back or send us your feedback.

In the interest of customer service we will record and monitor calls.

Introduction

This notice is designed to highlight some important details about this investment and, along with the Clear Tracker 8 booklet, is meant to be a guide to help you understand your investment. Full details of the specific benefits and options that apply to you will be contained in your investment schedule, Terms and Conditions booklet and personalised customer information notice which you will receive when the contract is in place. It is important that you should read these carefully when you receive them as certain exclusions and conditions may apply to the benefits and options you have selected.

A copy of the Terms and Conditions booklet is available on request.

Any Questions?

If you have any questions on the information included in this customer information notice you should contact your financial adviser or your insurer Irish Life, who will deal with your enquiry at our Customer Services Team, Lower Abbey Street, Dublin 1.

A. INFORMATION ABOUT THE POLICY

1. MAKE SURE THE POLICY MEETS YOUR NEEDS!

Clear Tracker 8 is a lump-sum investment that offers fixed investment terms at the end of a 3 year 6 month or 4 year 6 month investment period.

Unless you are fully satisfied as to the nature of this commitment having regard to your needs, resources and circumstances, you should not enter into this commitment.

Your financial adviser must indicate whether paragraph a) or paragraph b) below applies.

- a) This investment replaces in whole or in part an existing investment with Irish Life, or with another insurer. Your financial adviser will advise you as to the financial consequences of such replacement and of possible financial loss as a result. You will be asked at the beginning of your application form to confirm this in writing. Please ensure that you have completed this section of the form and that you are satisfied with the explanations provided by your

financial adviser before you complete the rest of the application form.

- b) This investment does not replace in whole or in part an existing investment with Irish Life or with any other insurer.

2. WHAT HAPPENS IF YOU WANT TO CASH IN THE POLICY EARLY OR STOP PAYING PREMIUMS?

You cannot cash in your Clear Tracker 8 before the relevant fund end dates.

The fund end date for Clear Tracker 8 Option 1 is 3 November 2014. At this date, your Clear Tracker 8 investment will be transferred into a cash fund. It may be cashed in at any stage after that time.

The fund end date for Clear Tracker 8 Option 2 is 3 November 2015. At this date, your Clear Tracker 8 investment will be transferred into a cash fund. It may be cashed in at any stage after that time. After the lump sum investment at the start of the plan, no further payments can be made.

3. HOW DOES THE CLEAR TRACKER 8 TRACKER BOND WORK?

Clear Tracker 8 is a lump-sum investment with either a 3 year 6 month or a 4 year 6 month investment period.

Option 1

The aim of this fund is that you will get back the amount invested in the Clear Tracker 8 Option 1 on 3 November 2014. If the value of the stockmarket index rises, on 3 November 2014 the value of your investment before tax will be 100% of the amount invested plus 80% of the growth in the stockmarket index.

The growth after 3 years 6 months is adjusted to reflect the average growth in the stockmarket index taken every month over the final 6 months of the investment period.

For your investment amount of €20,000, your capital protected amount will be €20,000. This corresponds to a minimum compound annual rate of return (CAR) of 0% a year. This means that even if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested. If the value of the stockmarket index increases you will also receive 80% of this growth, allowing for averaging of the stockmarket index.

Option 2

The aim of this fund is that you will get back the amount invested in the Clear

Tracker 8 Option 2 on 3 November 2015.

If the value of the stockmarket index rises, on 3 November 2015 the value of your investment before tax will be 100% of the amount invested plus 115% of the growth in the stockmarket index.

The growth after 4 years 6 months is adjusted to reflect the average growth in the stockmarket index taken every month over the final 12 months of the investment period.

For your investment amount of €20,000, your capital protected amount will be €20,000. This corresponds to a minimum compound annual rate of return (CAR) of 0% a year. This means that even if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested. If the value of the stockmarket index increases you will also receive 115% of this growth, allowing for averaging of the stockmarket index.

Averaging

Option 1

The growth at the end of your investment is adjusted to reflect the average growth in the stockmarket index taken every month over the final 6 months of the investment period.

Doing this will protect the value of your investment if the stockmarket index falls in value over the final 6 months. However, it will also reduce the growth in your investment if the value of the stockmarket index rises over the final 6 months.

Option 2

The growth at the end of your investment is adjusted to reflect the average growth in the stockmarket index taken every month over the final 12 months of the investment period. Doing this will protect the value of your investment if the stockmarket index falls in value over the final 12 months.

However, it will also reduce the growth in your investment if the value of the stockmarket index rises over the final 12 months.

For example, if the stockmarket index performs very strongly in the months before your investment matures; this growth will only be partially reflected in the maturity value you receive. If the stockmarket index performs poorly in the months before your investment matures, you will benefit in that the fall will only be partially reflected in the maturity value you receive.

Dividends

The fact that the Clear Tracker 8 bond tracks the performance of the EURO STOXX 50 Index without directly investing in equities means that you will not receive any dividend payments on your investment. Your benefit tracks the stockmarket index, the value of which only reflects the capital growth of the underlying shares and not any dividends paid. As such, Clear Tracker 8 is suitable only as a capital growth investment. It is not suitable if you require a regular withdrawal from your investment.

Currency

There is no currency risk associated with your Clear Tracker 8 bond.

4. WHERE DOES MY INVESTMENT GO?

The following tables set out how your investment amount will be used for a typical Clear Tracker 8 investment.

Investment amount: €20,000 (excluding the government levy)

Clear Tracker 8 – Option 1

Your proposed investment of €20,000 will be used, at the date of investment, as follows:	
€16,304	<p>This is 81.52% of your proposed investment and will be used to secure the following promised payments:</p> <ul style="list-style-type: none">• €20,000 payable after 3 years 6 months. This is equivalent to a promised return on your investment of 0% p.a. This means that if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested.
€1,912	<p>This is 9.56% of your proposed investment and will be used to secure the cash bonus which may be payable after 3 years and 6 months. The cash bonus will be 80% of the growth before tax in the stockmarket index described in your Terms and Conditions booklet.</p>
€1,784	<p>This is 8.92% of your investment and will be taken in charges.</p>
€20,000	Total
<p>If the cash bonus is zero, the promised payments will represent a return of 0% on your total investment over the period to the date of the promised payment. This means that if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested.</p>	

Clear Tracker 8 – Option 2

Your proposed investment of €20,000 will be used, at the date of investment, as follows:

€15,250	<p>This is 76.25% of your proposed investment and will be used to secure the following promised payments:</p> <ul style="list-style-type: none"> • €20,000 payable after 4 years 6 months. This is equivalent to a promised return on your investment of 0% p.a. This means that if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested.
€3,022	<p>This is 15.11% of your proposed investment and will be used to secure the cash bonus which may be payable after 4 years and 6 months. The cash bonus will be 115% of the growth before tax in the stockmarket index described in your Terms and Conditions booklet.</p>
€1,728	<p>This is 8.64% of your investment and will be taken in charges.</p>
€20,000	<p>Total</p>

If the cash bonus is zero, the promised payments will represent a return of 0% on your total investment over the period to the date of the promised payment. This means that if the value of the stockmarket index falls over the term of your investment you will still receive back the amount invested.

5. WHAT ARE THE PROJECTED BENEFITS UNDER THE POLICY?

The following tables set out the costs and benefits for a typical Clear Tracker 8 investment.

Investment amount: €20,000

Projected benefits – Option 1

3 year 6 month investment period – assumes all of your money is invested in Clear Tracker 8 Option 1

Table (A)						
Year	A	B	C	D	E	F = A+B-C-D-E
	€	€	€	€		€
	Total amount of premiums paid into the policy to date	Projected investment growth to date	Projected expenses and charges to date	Taxation to date	Projected withdrawals to date after tax	Projected policy value after payment of taxation
1	20,000	912	1,784	0	0	19,128
2	20,000	1,870	1,784	26	0	20,060
3	20,000	2,876	1,784	328	0	20,764
3 years						
6 months	20,000	3,398	1,784	484	0	21,129

Note: The investment values for years one to three are notional cash-in values which are shown for illustration purposes only. It is not possible to cash in this bond before the end of 3 years and 6 months.

The above return corresponds to an annual compound growth rate (CAR) of 2.2% before tax on your total investment amount over 3 years 6 months.

The premiums shown in Column A do not include the government levy.

Projected benefits – Option 2

4 year 6 month investment period – assumes all of your money is invested in Clear Tracker 8 Option 2

Table (B)						
Year	A	B	C	D	E	F = A+B-C-D-E
	€	€	€	€		€
	Total amount of premiums paid into the policy to date	Projected investment growth to date	Projected expenses and charges to date	Taxation to date	Projected withdrawals to date after tax	Projected policy value after payment of taxation
1	20,000	938	1,728	0	0	19,210
2	20,000	1,924	1,728	59	0	20,137
3	20,000	2,960	1,728	370	0	20,863
4	20,000	4,050	1,728	697	0	21,625
4 years						
6 months	20,000	4,616	1,728	866	0	22,021

Note: The investment values for years one to four are notional cash-in values which are shown for illustration purposes only. It is not possible to cash in this bond before the end of 4 years and 6 months.

The above return corresponds to an annual compound growth rate (CAR) of 3% before tax on your total investment amount over 4 years 6 months.

The premiums shown in Column A do not include the government levy.

IMPORTANT: THE ILLUSTRATIONS IN TABLES (A) AND (B) ASSUME AN INCREASE OF 3.0% PER ANNUM IN THE STOCKMARKET INDEX THIS INVESTMENT TRACKS. THE GROWTH OF THE STOCKMARKET INDEX DETERMINES THE RETURN YOU WILL RECEIVE ON YOUR INVESTMENT ON THE FUND END DATE. THESE GROWTH RATES ARE FOR ILLUSTRATION PURPOSES ONLY AND ARE NOT GUARANTEED. ACTUAL GROWTH MAY BE MORE OR LESS THAN ILLUSTRATED.

The charges shown in column C of Tables (A) and (B) include the cost of intermediary/sales remuneration incurred by Irish Life, as described in section 6.

Based on the assumed growth in the stockmarket index above, the effect of the expenses and charges shown is to reduce the assumed return on your investment by 2.77% per annum for the 3 year 6 month investment period shown in Table (A) and by 2.09% per annum for the 4 year 6 month investment period shown in Table (B).

The value shown in column A includes the cost of all charges, expenses, intermediary remuneration and sales remuneration associated with your investment.

The value shown in column A is a single payment at the start of your investment. No future payments are allowed into the investment.

Exit tax of 30% is assumed in Tables A and B.

6. WHAT INTERMEDIARY/SALES REMUNERATION IS PAYABLE?

ILLUSTRATIVE TABLE OF INTERMEDIARY/SALES REMUNERATION

The levels of payment are based on the typical investments outlined in section 5 above.

Option 1:

Year	€ Premium payable in that year	€ Projected total intermediary/ sales remuneration payable in that year
1	20,000	734
2	0	0
3	0	0
4	0	0

Option 2:

Year	€ Premium payable in that year	€ Projected total intermediary/ sales remuneration payable in that year
1	20,000	734
2	0	0
3	0	0
4	0	0
5	0	0

The projected intermediary/sales remuneration shown above includes the costs paid by Irish Life in giving sales advice, service and support for the investment. These costs are included in the investment charges set out in column C of the illustrative table of projected benefits and charges in section 5.

7. ARE RETURNS GUARANTEED AND CAN THE PREMIUM BE REVIEWED?

The values illustrated are not guaranteed. What you get back depends on how the value of the stockmarket index this investment tracks changes over the term of the investment. You could get back more or less than these projected benefits.

However, there are potential returns and capital protection in respect of your investment in each fund. We, Irish Life Assurance plc (Irish Life) provide the capital protection. The potential returns are provided to us by Barclays Bank plc - referred to as Barclays below. Irish Life does not provide the potential returns on this fund.

The fund returns explained

Capital protection

We (Irish Life) provide the capital protection amounts for the Clear Tracker 8 Options.

This means we provide the capital protection amount of 100% in Clear Tracker 8 Option 1 and 100% in Clear Tracker 8 Option 2 at the end of the investment periods.

Growth potential – potential returns

Option 1

If, over the 3 year 6 month term, the Clear Tracker 8 Option 1 returns are greater than the capital protection, then Barclays has contracted to provide to us the potential returns for the fund. This means that at the end of the investment period, Barclays are to provide to Irish Life 80% of the growth that takes place in the stockmarket index. The growth after 3 years 6 months is adjusted to reflect the average growth in the stockmarket index taken every month over the final 6 months of the investment period.

Option 2

If, over the 4 year 6 month term, the Clear Tracker 8 Option 2 returns are greater than the capital protection, then Barclays has contracted to provide to us the potential returns for the fund. This means that at the end of the investment period, Barclays are to

provide to Irish Life 115% of the growth that takes place in the stockmarket index. The growth after 4 years 6 months is adjusted to reflect the average growth in the stockmarket index taken every month over the final 12 months of the investment period.

Your contract is with us, Irish Life Assurance plc (Irish Life). Separately Irish Life has contracted with Barclays to provide the potential returns to Irish Life in relation to the fund in which we invest your money. Irish Life's commitment to you is to pass on the full value of the underlying fund, including the amounts it receives from Barclays in respect of your investment. Our commitment to you is restricted to the amounts we actually receive from Barclays. No other assets of Irish Life will be used to meet these commitments. This means that if Barclays is unable to meet its commitment to Irish Life, then you may not receive the potential returns. Barclays commitment is restricted to its contract with Irish Life. You do not have a contract with Barclays.

8. CAN THE POLICY BE CANCELLED OR AMENDED BY THE INSURER?

If the cost of administering your Clear Tracker 8 investment increases unexpectedly we may need to increase the charges on your investment. Also, we can alter the investment (or issue another investment in its place) if at any time it becomes impossible or impracticable to carry out any of the rules of your investment because of a change in the law or other circumstances beyond our control. Before we alter your Clear Tracker 8 investment (or issue another in its place), we will send a notice to your last known address explaining the change and your options.

9. INFORMATION ON TAXATION ISSUES

Any taxes or levies imposed by the government will be collected by Irish Life and passed directly to the Revenue Commissioners.

Under current Irish tax law (February 2011), tax is payable on returns made on this investment. The tax rate is currently 30%. We will pay you the after tax amount.

Tax is payable on your investment returns:

- When you cash in your investment after 3 years 6 months (Option 1) or 4 years 6 months (Option 2).
- If we pay the benefit amount when you die
- If you transfer all or part of your investment to someone else. There are some exceptions to this however you must inform us if you transfer ownership of the investment to someone else.
- If your benefit amount is not cashed in on the fund end date, it will be transferred to a cash fund available at that time. If your policy is still invested on the eighth anniversary of your initial investment, tax will be payable on any profit made on the investment at that date. Tax will be payable on each subsequent eighth anniversary. Where tax is deducted from your fund on each eighth anniversary, it can be offset

against any tax that is payable on a subsequent full encashment.

Tax legislation means Irish Life must deduct the correct amount of tax payable. Irish Life retains absolute discretion to determine, in accordance with all relevant legislation and guidelines, its application and interpretation, the tax treatment of this investment.

In some circumstances, additional tax may be due after death. For example, if the investment benefit is paid to your estate, your beneficiaries may have to pay inheritance tax. There is no inheritance tax due on an inheritance between a married couple. In certain circumstances inheritance tax due may be reduced by any tax paid on a death under this investment.

If payments are made by anyone other than the legal owner of the investment, for example from a company or business account, there may be other tax implications.

Any levies imposed by the government will be collected by Irish Life.

Please contact your financial adviser or Irish Life if you do not fully understand the likely tax treatment of any benefits payable in connection with your investment.

10. ADDITIONAL INFORMATION IN RELATION TO YOUR POLICY

What are the benefits and options provided under this investment?

Your Clear Tracker 8 bond is an investment which aims to meet your medium-term investment needs with investment options that offer potential returns at the end of 3 years 6 months (Option 1) and 4 years 6 months (Option 2).

Your investment will end if you die (or, for a joint life case, when the first of the investors dies). If this occurs the death benefit (before tax) we pay will be the higher of

- The amount invested.
- or
- 100.1% of the value of your fund at that stage.

The procedure for paying the benefits on death is set out in your Terms and Conditions booklet.

What is the term of the investment?

The term of your Clear Tracker 8 Option 1 investment is 3 years 6 months.

The term of your Clear Tracker 8 Option 2 investment is 4 years 6 months.

Are there any circumstances under which the investment may be ended?

Your Clear Tracker 8 investment will end if you die.

How are the payments invested?

Your Clear Tracker 8 is a unit-linked investment. In return for your investment amount we allocate units to your Clear Tracker 8 investment from the relevant funds according to your choice of options. The value of your investment is linked to the value of these units. The value of a unit will rise or fall over time, depending on how the underlying assets perform. You do not own the units. Unit-linking is simply a method of working out the value of your investment at any date. The value of your investment at any date will be equal to the total of the number of units allocated to your investment from the funds multiplied by the unit price for units of that fund on that date. The value of your investment will therefore rise and fall over time as the unit prices change to reflect the value of the underlying assets.

Is there an opportunity to change your mind?

When your welcome pack is issued you will have an opportunity to cancel the investment if you are not satisfied that the benefits meet your needs. You may do this by writing to the Customer Services Team at Irish Life within 30 days of the date we send you details of your investment. On cancellation all benefits will end and Irish Life will refund your investment amount, subject to taking off any losses that may

have been incurred as a result of falls in the value of assets relating to the investment during the period it was in force.

Law applicable to your investment

Irish Law governs the investment and the Irish Courts are the only courts that are entitled to settle disputes.

What to do if you are not happy or have any questions?

If for any reason you feel that this investment is not right for you, or if you have any questions, you should contact the Irish Life Customer Services Team, Lower Abbey Street, Dublin 1 who will deal with your enquiry. Our Customer Services Team also operate an internal complaints procedure and any complaints you may have will, in the first instance, be fully reviewed by them. If you feel we have not dealt fairly with your complaint, you should contact the Financial Services Ombudsman at 3rd Floor, Lincoln House, Lincoln Place, Dublin 2.

B. INFORMATION ON SERVICE FEE

There are no charges payable to Irish Life other than those set out in your table of benefits and charges and in your Terms and Conditions booklet.

C. INFORMATION ABOUT THE INSURER/ INSURANCE INTERMEDIARY/SALES EMPLOYEE

Insurer

Clear Tracker 8 is provided by Irish Life Assurance plc, a company authorised in Ireland. Irish Life Assurance plc is regulated by the Central Bank of Ireland. You can contact us at Irish Life Centre, Lower Abbey Street, Dublin 1, by telephone at 01 704 1010, by fax at 01 704 1900 and by e-mail at customerservice@irishlife.ie. In the interest of customer service, we will record and monitor calls.

Insurance Intermediary

The financial adviser should insert details of their name, legal status, their address for correspondence and a contact telephone number/fax number or e-mail address and where relevant the companies with whom agencies are held.

No delegated or binding authority is granted by Irish Life to your financial adviser in relation to underwriting, claims handling or claims settlement.

D. INFORMATION TO BE SUPPLIED TO THE POLICYHOLDER DURING THE TERM OF THE INSURANCE CONTRACT

We at Irish Life are obliged by law to tell you if any of the following events occurs during the term of your contract:

- we change our name;
- our legal status changes;
- our head office address changes;
- an alteration is made to any term of the contract which results in a change to the information given in paragraph A(8) of this document.
