Irish Life

Information is correct at 28th February 2015

## Fund Description

This fund invests almost entirely in equities. This includes allocations to European, developed world and emerging market equities.

Investors in this fund are aiming for very high potential long term investment returns and capital growth, and to achieve this they are prepared to accept significant investment risk and sizeable ups and downs in asset values, particularly in the short term.

**Warning: If you invest in this product you may lose some or all of the money you invest.**

*The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return.*

*This fund may borrow to invest. While borrowing increases the level of risk within the fund it also provides an opportunity to increase the investment return.*
