

Careful Portfolio

Irish Life

Information is correct at 28th February 2015

Fund Description

This fund invests mainly in cash and bonds. The bonds include euro government bonds, emerging market debt and corporate bonds. There is also an allocation to equities and other assets such as alternatives.

Investors in this fund accept that returns may be low, particularly over longer time periods, but this is associated with low investment risk and price volatility.

The fund uses the Dynamic Share to Cash model (DSC) to move money between Developed Market Shares and cash.

Warning: If you invest in this product you may lose some or all of the money you invest.

The assets in this fund may be used for the purposes of securities lending in order to earn an additional return for the fund. While securities lending increases the level of risk within the fund it also provides an opportunity to increase the investment return. External asset managers may change over time. Funds that are managed by external asset managers are subject to incentive fees. Part of this fund may borrow to invest in property.

Warning: This fund may be affected by changes in currency exchange rates.
