

If you like things just a certain way, you'll love the Deposit options on our Self-Invested Pension Fund.

A Self-Invested Fund from Irish Life gives you control over your pension by arranging all the elements in the way that suits you best. For example, you can choose from our competitive range of rolling monthly, fixed term or on-demand deposits, and from a selection of seven different banks.

So whether you already have an existing pension, or you'd like to invest in a new one, our Self-Invested Fund allows you to arrange your things just the way you like them.

Deposits in the Self-Invested Fund are currently exempt from DIRT (Deposit Interest Retention Tax) and are owned by Irish Life. The minimum investment is €20,000. Investments in a Fixed Term Deposit Account finish on a specific date. So if you're near retirement, your fixed term deposit should always end before your planned retirement date. That way you won't delay your retirement or have any deposit account breakage fees.

Warning: This fund may be affected by changes in currency exchange rates.

Warning: If you invest in this fund you may lose some or all of the money you invest.

Warning: The value of your investment may go down as well as up.

Warning: If you invest in this product you will not have access to your money until age 60 and/or you retire.

Contact your Financial Broker today for a copy of the guide to our Self-Invested Fund.
