

## New Online Services App

We've recently launched the Irish Life Online Services app which allows you to keep up to date with your Irish Life plans while on the move.

The app is available for download now for iPhone and android phones.

Below is a quick guide to what you can find in the app!

### Easy log in

You need your Online Services ID, password and PIN to log into the app for the first time. These are the same access details as the ones you use for the Irish Life Online Services website. The first time you log in you will have to follow the three steps below, after that we will only ask you for 3 digits from your PIN to enter the app.

**1.** Enter your Online Services ID

**2.** Enter your password

**3.** Enter 3 digits from your PIN

If you didn't receive an Online Services ID and password, call 01 704 1010 or email us at [customerservice@irishlife.ie](mailto:customerservice@irishlife.ie) and we can send you the details you need.

### All your plan information

By clicking My Plans in the home screen, you can access all of your plan information. Depending on your type of product, you can see:

- Current values
- Payment history
- Investment history
- Fund performances

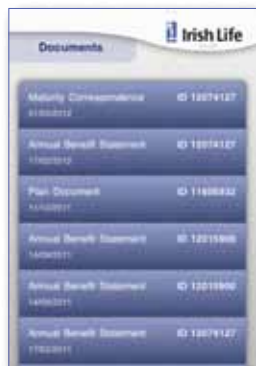

## E-documents

When you log in to the app you can sign up to receive all your documents online. We can send you SMS and e-mail alerts when new documents have been added. You can view your plan documents by clicking the Documents button on the home screen.

## Fund fact sheets

If you have investment products you can see the fund fact sheets for the funds you have invested in and catch up on what has been happening in the markets.

## News and video updates

You can keep up to date with the latest market developments with our Blog and video commentaries.

**Your plan at your fingertips - visit the app store and download the Irish Life Online Services app today!**
