Over 50's Life Insurance from Irish Life

Over 50's Life Insurance is a guaranteed acceptance protection plan for the over 50's. Yes! You are guaranteed to be accepted for Over 50's Life Insurance – as we do not ask you for any medical details or health history when you apply.

Over 50's Life Insurance could give your family and loved ones a guaranteed lump sum when you die (but it never generates a cash value as it is not a savings plan). This lump sum could be left as a gift to your family or it could be used to help pay any bills and expenses when you're no longer around (for example, funeral expenses).

During the first two years of your Over 50's Life Insurance plan, cover will only apply if you die as a result of an accident. Some exclusions apply. Please see the Over 50's Life Insurance booklet for a full definition of 'accidental death' and the relevant exclusions. After the first two years the full cover amount will apply on any death.

Why should I choose Over 50's Life Insurance?

✓ Guaranteed acceptance	All you need is to be aged over 50 and under 80.
✓ Quick and easy	Once you choose your monthly payment level and apply for cover – that's it!
✓ Guaranteed monthly payment	Your monthly payment will never increase.
✓ Minimal paperwork	Just fill in the application form at the back of the Over 50's Life Insurance booklet or apply online at www.irishlife.ie
✓ Added service	NurseAssist 24/7 is a confidential service that allows you to phone a team of trained nurses who can help you with a full range of questions or concerns you might have about your family's health.
✓ Free cover after 90	You must keep up payments to stay on cover. However, we will not collect any monthly payments after you turn 90, but your cover will remain in place.
