

★ **bonus**save plus

rewarding savings

Irish Life

more options for your future

product snapshot

bonussave plus		
Aim		Rewarding you for saving regularly
Risk		Moderate to high depending on fund choice
Capital Protected		No
Funds Available		Four
Time Period		You can save for as long as you like -we recommend 5 to 10 years or more
Jargon Free		Yes

Our guarantee to you

There is no financial jargon in this booklet and everything you need to know is written in an upfront and honest way.

The background is a solid blue color with a large, stylized silhouette of a hand reaching upwards from the bottom center. The hand is composed of several shades of blue, creating a layered effect. The fingers are spread, and the thumb is slightly separated. The overall composition is minimalist and modern.

introduction

Why save?

Wherever our lives are headed, be it looking to buy our first home, saving for our children's education or just saving for our family's future - most of us need to save.

Along with the cost of living in Ireland, raising a family is expensive. Take the cost of education - putting your child through a 3 year, third level course can cost you over €20,000. (Source: Union of Students Ireland 2007)

By starting to save now, you can give yourself more options in the future - no matter what life throws at you. Or, if you're one of the many people who had an SSIA, why not continue the good savings habit? Whether you already save or want to start saving - **bonussave plus** is the ideal way to plan for your long term needs.

Easy to start

The hardest thing about saving is often getting started, but with **bonussave plus** it couldn't be easier. You don't need a lump sum - you can start from €250 a month. Plus, you get rewarded for saving regular amounts, if you continue to save for at least five years.

3 great reasons to choose a **bonussave plus** plan

- 1** You have access to a great choice of funds. Choose from a range of four fund options. These have been carefully chosen to give you a higher potential return on your savings and each have a different level of risk. Please see page 7 for more details.
- 2** We can reward you for saving regularly. We will give you 25% of your total regular payments made in year one as a one-off bonus at the end of year five. Please see page 8 for more details.
- 3** Irish Life provides a great range of services. For example with our 'On-line' services you can keep track of your savings at all times or even switch your funds if you want, free of charge. Please see page 10 for more details.

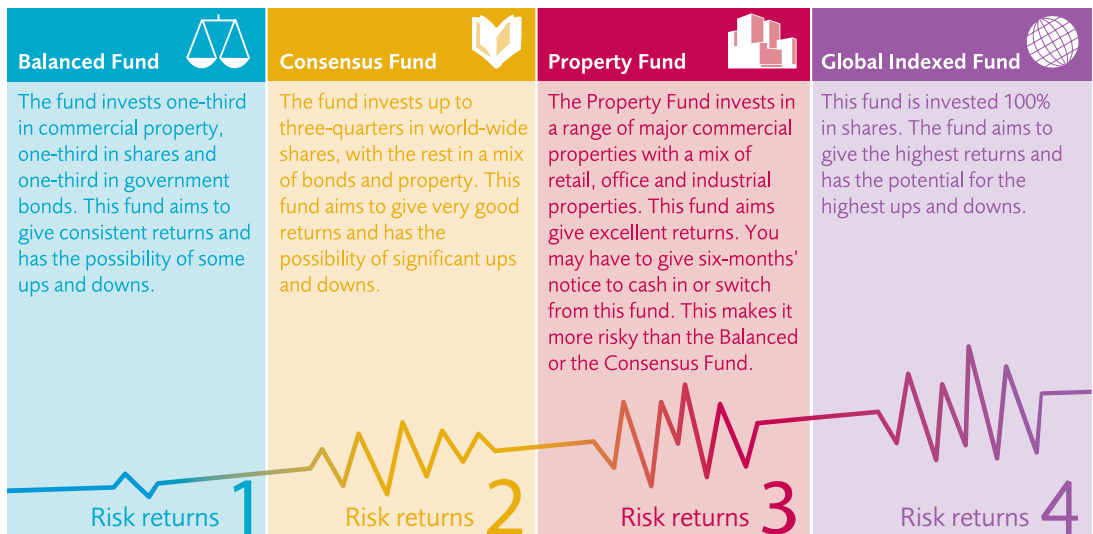

why bonussaveplus?

bonussave plus is a unit-linked regular savings plan. This means we use your regular payments to buy units in an investment fund. The value of your plan is linked to the value of the units in the funds you have chosen.

Great choice of funds

You have four great funds to choose from with **bonussave plus**. You can choose one option or any combination of options. Plus you can switch between any of the options free of charge, any time that suits you with our online services.

When you invest in shares, bonds and property there will always be ups and downs along the way. This table shows the level of risk compared to the possible return on each **bonussave plus** option. However, as you are making regular monthly or yearly payments, you are buying units in the fund on an ongoing basis. This reduces the risk that you can have with one-off lump sum payments of investing at the wrong time. We recommend that you consider **bonussave plus** as a savings plan for five to ten years or more. The value of your fund is not guaranteed and it is possible you could get back less than you originally contributed.

Please see page 15 for important information on the Property Fund, with details of the six-month's notice period.

Warning: The value of your investment may go down as well as up.

Warning: The **bonussave plus** product may be affected by changes in currency exchange rates.

Get rewarded for saving
- loyalty bonus

25% loyalty bonus

At the end of year five, if you have saved the same amount regularly, we will reward you with a loyalty bonus of 25% of the regular payments you made into your **bonussave** plus in the first year. For example, if you saved €250 each month, your bonus at the end of year five would be €750. And because your needs change over time, we will allow you some flexibility to achieve this loyalty bonus.

When do you qualify?

- You qualify if, in year one of your plan, you save regularly without skipping a payment or making any withdrawals.
- After year one, you can skip up to six monthly payments during the next four years without affecting your bonus.
- Also, after year one, you can withdraw an amount of up to half your year-one total regular payments without affecting your bonus.

When do you not qualify?

- After year one, you cannot skip more than six monthly payments during the next four years without losing your bonus.
- Also after year one, you cannot withdraw an amount more than half your year one total regular payments without losing your bonus.
- You will not get your full loyalty bonus if you reduce your payments at any stage below your highest regular payment level in year one. Instead your bonus will be 25% of your lowest yearly regular payment amount in any of the five years. Please see page 14 for full details.

If you increase your payments after year one, we will not take these increased amounts into account when working out the loyalty bonus.

great service

bonussave plus services

You will receive an update on how your plan is performing each year, showing you how much you have invested and the value of your **bonussave plus**. However, we understand that you will want to monitor the progress of your plan so we have developed a great range of ways for you to do this. You can check your **bonussave plus** when you want and in a way that suits you best.

important information

4

The charges

The **bonussave plus** has two charges to cover the ongoing cost of managing it.

- A charge on your fund of 1.75% every year.
- A 5% charge on each regular payment.

There is a charge of 3% on any lump sum payments. There is no charge for switching between the **bonussave plus** options.

Minimum payments

You can save in **bonussave plus** from €250 a month or €3,000 each year up to a maximum of €10,000 a month or €120,000 a year. You can also invest lump sums of €650 or more up to a maximum of €25,000. The minimum amount you can increase your regular monthly payment by is €15 a month.

Protecting you against inflation

You can choose to protect your savings against the effects of inflation. This means that you increase the amount you save every year by the greater of 5% or the annual rate of inflation. If you choose this option, we will write to you every year giving you the chance to refuse the increase.

Tax

You will pay tax on any profit you make in your **bonussave plus**. The tax rate on the profit on your investment is currently 23%. This is the standard rate of income tax, currently 20%, plus 3%. We will take account of any charges that apply to your investment before we work out the tax. We will deduct this tax and pay it for you.

This tax is paid when any of the following take place:

- you cash in all or part your plan;
- you die, where the plan is owned by one person, or when the second person dies if jointly owned.
- you transfer ownership of your plan to someone else; or
- every 8th anniversary from the start of your plan.

Death benefit

If you die, we will pay you 101% of the cash-in value of your investment, less any tax. If you are a joint investor, and one of you dies, your **bonussave plus** will transfer to the other investor. You should understand that if you die the cash-in value is not guaranteed and could be higher or lower than the amount you invested.

Cash Fund

As well as the four fund options shown in this booklet, you can invest in the Irish Life Cash Fund after you start this plan. The Cash Fund allows you to move your money out of the other fund options for short periods of time, if you feel that it is appropriate. We do not recommend you use this option on a long-term basis. If you decide to switch to the Cash Fund, you must switch all of your money.

Cashing in part of your **bonussave plus**

You can cash in part of your **bonussave plus** at any stage. You must cash in at least €350, and you will have to pay tax on any growth you make. If you have invested in the Property Fund, you may need to give us up to six months' notice to cash in any of your plan. Please see the section 'Property Fund - important information' on page 15 for more information.

For your bonus: After year one, you can withdraw an amount up to half your year-one total regular monthly payments without affecting your bonus.

Stopping or changing your payment level

bonussave plus is a long-term savings plan that you should keep for at least five years. You can stop paying in at any stage or decide to cash in all or part of your savings. If you cancel your plan, it is possible that it may be worth less than you originally contributed.

For your bonus:

- After year one, you can miss up to six monthly payments during the next four years without affecting your bonus. **If you skip more than six monthly payments over the term of your plan you will not receive your bonus.**
- If you increase your payments after year one, we will not take these increased amounts into account when working out the loyalty bonus.
- If you reduce your payments at any stage below your highest regular payment level in year one, you will not get your full loyalty bonus. Instead you will receive an amount equal to 25% of your lowest yearly regular payment amount in any of the five years. We calculate your yearly regular payment amount by adding all your regular payments from one plan anniversary date to the next.
- If you take a payment break of up to six months, the bonus is calculated assuming that the regular payments you made before the break are paid throughout your break.

To safeguard your bonus, we would advise you to speak to your financial adviser before deciding to reduce your regular payments as there are times when taking a payment break or making a withdrawal may be a better course of action for you.

The following example shows a customer who changes their payment amount at their plan anniversary date.

Date plan started - 1 January 2007	Regular monthly payment	Yearly regular payment
Year 1 - 1 January 2008	€300	€3,600
Year 2 - 1 January 2009	€300	€3,600
Year 3 - 1 January 2010	€300	€3,600
Year 4 - 1 January 2011	€250	€3,000
Year 5 - 1 January 2012	€300	€3,600

In this example, the bonus is based on the lowest years' regular payment i.e. year 4. Therefore the bonus at the end of year five will be €750, which is 25% of their total payments in year four of €3,000.

Below is an example of a customer who changes their payment amount during a plan year.

Date plan started - 1 January 2007	Regular monthly payment	Yearly regular payment
Year 1 - 1 January 2008	€300	€3,600
Year 2 - 1 January 2009	€300	€3,600
Year 3 - 1 January 2010	€300	€3,600
Year 4 - 1 January 2011	€300 for 3 months	€3,150
	€250 for 9 months	
Year 5 - 1 January 2012	€300	€3,600

In this example, the bonus is based on the lowest years' regular payment i.e. year four. Therefore the bonus at the end of year five will be €787.50, which is 25% of their total payments in year four of €3,150.

Property Fund - important information

You should understand the following if you choose to invest in our Property Fund option.

The property market behaves differently than stock markets and tends to follow more of a cycle. This means that it can rise or fall for longer periods in a more consistent way than the stock market. This is partly because it takes more time and costs more to buy and sell properties than it does for shares.

As a result, in the future:

- you may have to give us up to six months' notice if you need to cash in any of your investment or in full or if you want to switch to another fund; and
- when there are more investors who want to cash in their investments than there are new investors who want to join it, there will be a one-off reduction in the value of the fund. If this was to apply it is likely to be about 7%. This is based on current property costs.

We will do this to make sure that all investors in the fund pay a fair share to the overall costs the fund has to pay when buying and selling property. It also protects long-term savers, because the people cashing in from the fund pay their share of costs before they leave.

Switching funds

There is no charge for switching your money between any of the **bonussave** plus options. You simply fill in a switch form and send it in to us. Or, if you register for on-line services with **bonussave** plus, you can switch using our internet site. Please see page 11 for more details.

However, you may have to give us up to six months' notice to switch some or all of your savings out of the Property Fund.

After you apply

When we receive your application form, we will send you your Irish Life Welcome Pack which includes:

- a plan schedule which sets out the specific details of your **bonussave** plus
- your customer information notice, and
- a terms and conditions booklet, which sets out the legal terms and conditions for your **bonussave** plus and a copy of this booklet.

You can change your mind

We want to make sure that you are happy with your decision to invest in **bonussave** plus. As a result, we will give you 30 days to change your mind. If you decide to cancel during this period, you will get back your original investment. For single lump-sum investments, you will get back your original investment amount less any fall that may have taken place in the value of your investment during the 30-day period.

The 30-day period starts from the day we send you your **bonussave** plus welcome pack.

5 your customer information notice

Customer Information Notice

Introduction

This notice is designed to highlight some important details about the plan and, along with the **bonussave** plus booklet, is meant to be a guide to help you understand your savings. Full details on the specific benefits and options that apply to you will be contained in your plan schedule, terms and conditions booklet and personalised customer information notice, which you will receive when the contract is in place. It is important that you should read these carefully when you receive them as certain exclusions and conditions may apply to the benefits and options you have selected.

A copy of the terms and conditions booklet is available on request.

Any questions?

If you have any questions on the information included in this customer information notice you should contact your sales advisor or your insurer Irish Life, who will deal with your enquiry at our Customer Services Department, Lower Abbey Street, Dublin 1.

The Plain English Campaign Crystal Mark does not apply to this Customer Information Notice as the wording cannot be changed for legal reasons.

Customer Information Notice

Contents

A. Information about the policy.

1. Make sure the policy meets your needs!
2. What happens if you want to cash in the policy early or stop paying premiums?
3. What are the projected benefits under the policy?
4. What intermediary/sales remuneration is payable?
5. Are returns guaranteed and can the premium be reviewed?
6. Can the policy be cancelled or amended by the insurer?
7. Information on taxation issues.
8. Additional information in relation to your policy.
 - What are the benefits and options under this plan?
 - Will bonuses be added to my plan?
 - What is the term of the contract?
 - Are there any circumstances under which the plan may be ended?
 - How are the payments invested?
 - Is there an opportunity to change your mind?
 - Law applicable to your plan
 - What to do if you are not happy or have any questions.

B. Information on service Fee.

C. Information about the insurer/insurance intermediary.

D. Information to be supplied to the policyholder during the term of the insurance contract.

Customer Information Notice

A - Information about the policy

1. Make sure the policy meets your needs!

bonussave plus is an open ended regular payment savings plan. The purpose of this plan is to build up a savings fund. We recommend that you consider your **bonussave plus** as an investment for a term of at least five years. If you opt to increase payments in line with inflation they will automatically increase each year in line with the Consumer Price Index (CPI). When the rise in the CPI is low the company may set the increase at a slightly higher minimum amount (this is currently 5% but this may be different when the increase in your payment is calculated).

By taking out this plan, you are committing to making a regular payment over a relatively long-term. Unless you are fully satisfied as to the nature of this commitment having regard to your needs, resources and circumstances, you should not enter into this commitment.

Your financial adviser must indicate whether paragraph a) or paragraph b) below applies

A This plan replaces in whole or in part an existing plan with Irish Life, or with another insurer, which has been or is to be cancelled or reduced. Your sales advisor will advise you as to the financial consequences of such replacement and of possible financial loss as a result. You will be asked at the beginning of your application form to confirm this in writing. Please ensure that you have completed this section of the form and that you are satisfied with the explanations provided by your sales advisor before you complete the rest of the application form.

B This plan does not replace in whole or in part an existing plan with Irish life or with any other insurer, which has been or is to be cancelled or reduced.

2. What happens if you want to cash in the policy early or stop paying premiums?

You can cash-in your plan at any stage. The value of your plan may fall as well as rise. Therefore your cash-in value may be less than the payments you have made. You may also choose to partially cash in your plan. The minimum partial withdrawal is €350 after tax. You may stop making payments at any stage, either temporarily or completely.

If you have chosen to invest in the Irish Property Fund or Balanced Investment Fund we may delay total or partial encashments for a period of up to six months from the time we receive your request. Delayed encashments will be based on the value of units at the end of the period.

Customer Information Notice

The notice period is required due to the high cost and time involved in selling properties. When more customers are cashing in their investments in the Irish Property Fund than making new investments, the value of the units in the fund will undergo a once-off reduction to reflect a proportion of the costs associated with buying and selling property. If that reduction was to take place today, there would be a fall in the region of 7% in the Irish Property Fund.

3. What are the projected benefits under the policy?

The following payment and benefit details are for a typical **bonussave** plus plan. The figures will vary based on each individual's personal details. The figures below are based on a payment of €250 per month, indexing at 5% each year.

A. Illustrative table of projected benefits and charges at 6% growth per annum

Year	A €	B €	C €	D €	E = A+B-C-D €
	Total amount of premiums paid into the policy to date	Projected investment growth to date	Projected expenses and charges to date	Taxation to date	Projected policy value after payment of taxation
1	3,000	91	177	0	2,914
2	6,150	361	416	0	6,095
3	9,458	824	721	24	9,537
4	12,930	1,499	1,098	92	13,239
5	16,577	2,403	802	368	17,809
10	37,734	11,234	4,519	1,545	42,904
15	64,736	29,218	11,283	4,125	78,546
20	99,198	59,650	22,168	8,621	128,059

Note: Certain categories of policyholders may not be liable to tax if the requirements for tax-exempt status are met when tax is due to be paid.

IMPORTANT: This illustration assumes a return of 6% per annum. This rate is for illustration purposes only and is not guaranteed. Actual investment growth will depend on the performance of the underlying investments and may be more or less than illustrated.

Customer Information Notice

The effect of the deductions in respect of the expenses and charges shown is to reduce the assumed growth rate on your fund by 2.3% per annum.

B. Illustrative table of projected benefits and charges at 8% growth per annum

Year	A €	B €	C €	D €	E = A+ B-C-D €
	Total amount of premiums paid into the policy to date	Projected investment growth to date	Projected expenses and charges to date	Projected policy value before payment of taxation	Projected policy value after payment of taxation
1	3,000	121	178	0	2,944
2	6,150	482	418	15	6,200
3	9,458	1,109	726	88	9,753
4	12,930	2,031	1,110	212	13,640
5	16,577	3,278	827	564	18,464
10	37,734	15,743	4,728	2,533	46,215
15	64,736	42,256	12,126	6,930	87,936
20	99,198	88,599	24,421	14,761	148,615

Note: Certain categories of policyholders may not be liable to tax if the requirements for tax-exempt status are met when tax is due to be paid.

IMPORTANT: This illustration assumes a return of 8% per annum. This rate is for illustration purposes only and is not guaranteed. Actual investment growth will depend on the performance of the underlying investments and may be more or less than illustrated.

Customer Information Notice

The charges shown in column C of both tables include the cost of intermediary/sales remuneration incurred by Irish Life, as described in section 4.

The payments shown include the cost of all charges, expenses, intermediary remuneration and sales remuneration associated with your plan.

The projected value after payment of tax (column E) shows the amount that will be paid out (based on the assumed return) if you cash-in your plan in full at that stage. An exit tax, currently at a rate of 23%, is charged on any profit element of the surrender value. Where the charge applies Irish Life will deduct any tax due and pay out the net amount. You have no further tax liability in relation to this plan.

4. What intermediary/sales remuneration is payable?

The level of intermediary/sales remuneration shown is based on the typical plan outlined in Section 3 above. The figures will vary based on the exact plan details in each case.

The following projected intermediary/sales remuneration include the costs incurred by Irish Life in relation to the provision of sales advice, service and support for the plan. These costs are included in the plan charges set out in column C of both the illustrative tables (A) and (B) of projected benefits and charges in section 3.

Illustrative table of intermediary/sales remuneration

Year	€ Premium payable in that year	€ Projected total intermediary/sales remuneration payable in that year
1	3,000	585
2	3,150	119
3	3,308	125
4	3,473	131
5	3,647	138
10	4,654	176
15	5,940	225
20	7,581	287

Customer Information Notice

5. Are returns guaranteed and can the premium be reviewed?

The **benefits illustrated are not guaranteed**. What you get back depends on how your investments grow. You could get back more or less than these projected benefits.

6. Can the policy be cancelled or amended by the insurer?

If the cost of administering your **bonussave plus** increases unexpectedly we may need to increase the charges on your plan. Also we can alter your **bonussave plus** plan (or issue another plan in its place) if at any time it becomes impossible or impracticable to carry out any of the plan provisions because of a change in the law or other circumstances beyond our control. Before we alter your **bonussave plus** plan (or issue another in its place), we will send a notice to your last known address explaining the change and your options.

7. Information on taxation issues.

Under current Irish tax law (June 2007), tax is payable on returns made on this plan. The tax rate is made up of the standard rate of income tax which is currently 20%, plus 3%. Where the charge applies, Irish Life will deduct any tax due from the value of your investment and pay it to the Irish Revenue. We will pay you the after tax amount.

Tax is payable on your investment returns when

- You make any withdrawal (full or partial) or take an income from your investment
- You reach the 8th anniversary of your investment, and each subsequent 8th anniversary
- You die
- You transfer all or part of your investment to someone else. There are some exceptions to this however you must inform us if you transfer the investment.

The tax payable on each eighth anniversary will reduce the amount invested in the fund from that date onwards. Where tax is deducted from your fund on each 8th anniversary, this tax can be offset against any tax that is payable on a subsequent full encashment.

Tax legislation means Irish Life must deduct the correct amount of tax payable. Irish Life retains absolute discretion to determine, in accordance with all relevant legislation and guidelines, its application and interpretation, the tax treatment of this investment.

In some circumstances, additional tax may be due after death. For example, if the investment benefit is paid to your estate, your beneficiaries may have to pay inheritance tax. There is no inheritance tax due on an

inheritance between a married couple. In certain circumstances inheritance tax due may be reduced by any tax paid on a death under this investment.

If payments are made by anyone other than the legal owner of the investment, for example from a company or business account, there may be other tax implications.

Please contact your financial adviser or Irish Life if you do not fully understand the likely tax treatment of any benefits payable in connection with your **bonussave plus**.

8. Additional information in relation to your policy.

What are the benefits and options provided under this plan?

bonussave plus is an open ended regular payment savings plan that enables you to provide for your financial needs. You may at any stage increase your regular payment by €15 per month or more, or reduce your payment to not less than the minimum payment of €250 per month. The maximum payment we will accept is €10,000 per month.

You do not have to determine in advance the period for which you wish to save, and you may stop investing at any stage, either temporarily or completely.

If you die while the plan is in force, the benefit payable will be 101% of the value of your fund, less any tax payable.

Will bonuses be added to my plan?

A bonus of 25% of the first year's regular payments will be paid on the fifth anniversary of the start date. We will not take account of any payment increases after year one when we work out the loyalty bonus.

This bonus is subject to certain conditions:

- In year one you must save regularly without skipping a payment or making any withdrawals.
- You will not get your full loyalty bonus if you reduce your payments at any stage below the highest level of regular payments that you made in year one. Instead your bonus will be 25% of your lowest yearly regular payment amount in any of the first five years. Your yearly regular payment amount is the total of regular premiums paid between one plan anniversary and the next.
- After year one, you can withdraw an amount of up to half of your first year's total payments without affecting your bonus. You will not receive your bonus if you withdraw an amount greater than half of your first year's total regular payments.

Customer Information Notice

- After year one, you may skip up to six monthly payments during the next four years without affecting the bonus. If you take a payment skip of up to six months, the bonus is calculated assuming that the regular payments you made before the skip are paid throughout the skip period. If you skip more than six monthly payments you will not receive a bonus.

What is the term of the contract?

There is no specified term to your **bonussave plus**. It is an open-ended savings plan and will remain in force while you are alive until you decide to terminate it.

Are there any circumstances under which the plan may be ended?

Your **bonussave plus** may be ended if you cash in the full value of your plan. Your **bonussave plus** may end if you die.

How are the payments invested?

bonussave plus is a unit-linked investment plan. In return for your money we allocate units to your **bonussave plus** from each of your chosen funds as will be listed on your plan schedule. The value of your investment is linked to the value of these units. The value of a unit will rise or fall over time, depending on how the underlying assets perform. The underlying assets in the fund may be used for the purpose of securities lending in order to earn additional return for the fund. While securities lending increases the level of risk within a fund, it also provides an opportunity to increase the investment return. You do not own the units. Unit-linking is simply a method of working out the value of your investment at any date. The value of your investment at any date will be equal to the total of the number of units allocated to your investment from each fund multiplied by the unit price for units of that fund on that date. The value of your investment will therefore rise and fall over time as the unit prices change to reflect the value of the underlying assets.

You may, at any time, switch some or all of your money from one fund to another by writing to us to request a switch. If you are switching out of the Irish Property Fund a notice period of up to six months may apply. If you transfer units to the Cash Fund you must move all your units to the Cash Fund. We do not make a charge for this service. Therefore, the value of your investment will be the same immediately before and immediately after the switch.

Is there an opportunity to change your mind?

When your welcome pack is issued you will have an opportunity to cancel the plan if you are not satisfied that the benefits meet your needs. You may do this by writing to the Customer Services Department at Irish Life within 30 days from the date we send you details of your plan. On cancellation all benefits will cease

Customer Information Notice

and Irish Life will refund your regular payment. We will refund any single payment (or payments), less any reduction in investment values over the period of the investment.

Law applicable to your plan

Irish Law governs the plan and the Irish Courts are the only courts that are entitled to settle disputes.

What to do if you are not happy or have any questions?

If for any reason you feel that this plan is not right for you, or if you have any questions, you should contact Irish Life Customer Services Department, Lower Abbey Street, Dublin 1 who will deal with your enquiry. Our Customer Services Department also operate an internal complaints procedure and any complaints you may have will, in the first instance, be fully reviewed by them. If you feel we have not dealt fairly with your complaint, you should contact the Financial Services Ombudsman at 3rd Floor, Lincoln House, Lincoln Place, Dublin 2.
