### HOW DOES TERMINAL ILLNESS COVER WORK?

A terminal illness is a condition that, in the opinion of the appropriate hospital consultant and our chief medical officer, has progressed to the stage where it cannot be cured and the illness is expected to lead to death within 12 months. If you are diagnosed as having a terminal illness, we will pay a portion of the life cover benefit – please refer to the product booklets for full details. This information is correct as at March 2015. Please speak to your financial adviser and refer to the relevant product booklets for more information.
