SOLUTIONS

STRUCTURED INVESTMENTS

Merrion Solutions is a division of Merrion Stockbrokers Limited. Merrion Stockbrokers Limited is regulated by the Central Bank of Ireland. Merrion Stockbrokers limited is a member of the Irish Stock Exchange and the London Stock Exchange.

Merrion Solutions is a division of Merrion Stockbrokers Limited developed with the needs and objectives of Irish Financial Brokers at the forefront of everything we do.

There are two strands to the business:

- We have combined the expertise of Duggan Asset Management and Merrion Stockbrokers Limited to develop a new and innovative **Structured Investments** business. This business will provide Investment Solutions that empower Financial Brokers and their clients in navigating a course from deposits back to normal investment portfolio construction.
- **myfunds:** We have created a Financial Broker friendly Stockbroking solution that combines Merrion's Investment Management and Stockbroking capability into one low cost, transparent and potentially tax efficient offering.

Merrion Structured Investments

Merrion Structured Investments is passionate about creating the **leading and most innovative Investment Solutions in the Irish market.**

We will create a series of **exciting new Investment Solutions for Financial Brokers and their clients each calendar quarter.**

Our Investment Strategies and Solutions will be **Research Driven.** By combining the resources of Merrion Investment Managers, Merrion Stockbrokers and other leading international investment experts, our Investment Solutions will have a **strong economic and investment logic** and will represent international best practice in construction.

Merrion Structured Investments operates an **Open Architecture** platform i.e. we will work with a broad range of Irish & International Bank counterparties. We will work with **high quality investment grade counterparties** when selecting partners to provide Capital Protection or other Investment Risk Controlling or Reducing Mechanisms.

We will focus on providing Investment Solutions with **liquidity.** Where possible, we will create the provision for investors to exit their investment prior to maturity should their circumstances change or if investment performance is higher or lower than anticipated.

Our quarterly Investment Solutions will offer a **choice** of:

- 1. Investment Risk Levels:** From 2 to 5.
- 2. Investment Objectives:** Income, Capital Growth, Hedging Strategies etc.
- 3. Taxation Treatment:** Deposit Interest Retention Tax (DIRT), Capital Gains Tax (CGT) and Income Taxable investments.
- 4. Asset Classes:** Traditional Asset Classes such as equities, bonds and property and Alternative Asset Classes such as commodities, currencies, inflation, interest rates etc.
- 5. Investment Techniques:** Traditional Investment Techniques such as long only with Alternative Investment Techniques such as short selling, arbitrage, relative performance etc.

Our Investment Solutions will be available to a **broad range of investor types**, all of whom can invest via our **myfunds** accounts as follows:

- Personal Investors.
- Pension Schemes: Small Self Administered Pension Schemes and Insured Self Directed or Self Invested Plans.
- Post Retirement Plans: Self Administered ARFs & AMRFs and Insured Self Directed or Self Invested ARF & AMRF Plans.
- Self Administered PRSAs.
- Companies, Credit Unions, Charities and other Not for Profit Organisations.
- Institutional Investors.

Our Philosophy will be the implementation of International Best Practice in Structured Investment Techniques for Financial Brokers and their investor clients in Ireland.

1. Executive Summary of Indicative Terms

2. Description of The Memory Bond

The Bond is in the form of a BBVA Note designed for Pension and Post Retirement investors as an alternative to Fixed Term Deposits Accounts. The interest rate available on Fixed Term Deposit Accounts has fallen dramatically in recent years and many investors are now looking for a similarly low risk alternative but with higher return potential. The Bond is suitable as part of the process of constructing a genuinely diversified investment portfolio.

The underlying BBVA Notes will be issued under BBVA's Structured Medium Term Note Programme dated 9 July 2014. Copies of the Programme's base prospectus (which sets out the terms and conditions of the Notes to be completed by the Final Terms or Pricing Supplement) and any supplements there to are available at http://www.ise.ie/debt_documents/Base%20Prospectus_7266eea8-fc8a-40f9-b6a7-c1480dd2ff89.pdf or from your Financial Broker on request.

2.1 Underlying Shares

Axa

AXA is a leading insurance company with a global reach, serving 102 million customers and operating in 56 countries. Northern, Central and Eastern Europe is the group's largest geography (29% of group revenue) with France making up the largest single country exposure (24% of group revenue). The Mediterranean area and Latin American make up 14% of total revenue with Axa's US operations making up 13%. Axa is predominantly exposed to property and casualty insurance (42% of earnings) with Protection and Health (32% of earnings) also being an important contributor. The remainder of the company's earnings come from the Savings & Asset Management division (26% of earnings). As with any insurance company, maintaining a high solvency ratio is very important. For Axa, the company maintains a solvency ratio of 215% (regulatory minimum: 100%) that marks a significant increase over recent years (2008: 127%). With a market capitalisation of €43.6 billion, AXA currently trades on a 2014 P/E ratio of 8.6x (2015: 8.2x) while also providing shareholders with a dividend yield of 4.9%.

Danone

Danone is a food company with a global reach serving 900 million customers. The company has been successful at building leadership positions in many of the countries in which it has operations. Geographically, 60% of Danone's €21 billion of annualized revenue is reported outside of Europe with the group's largest markets being Russia (11% of revenue), France (10% of revenue), USA (8% of revenue) and China (7% of revenue). The four main segments within Danone are Fresh Dairy Products (revenue: €11.7 billion), Baby Nutrition (revenue: €4.3 billion), Waters (revenue: €3.6 billion) and Medical Nutrition (revenue: €1.3 billion). Within these segments, Danone commands market leadership positions, being the World No: 1 for fresh dairy products, the World No: 2 for baby nutrition and waters and finally in being the European No: 1 for medical nutrition. Despite some recent setbacks concerning product recalls in emerging markets, Danone is exposed to attractive markets that have structural long term demand drivers. Danone is trading on a 2014 P/E ratio of 19.6x (2015: 17.5x) and is also forecast to provide shareholders with a dividend yield of 2.8% in 2014, increasing in subsequent years.

Philips

Philips is a diversified company serving three core markets, Healthcare, Personal Health and Well-Being and Lighting. In the company's most recent quarter, the sales split between the divisions was Healthcare (40% of sales), Lighting (37% of sales), Consumer Lifestyle (20% of sales) and Innovation Group and Services (3% of sales). On a profitability basis, the most important division was Healthcare (54% of adjusted EBITA), with Lighting (33% of adjusted EBITA), Consumer Lifestyle (24% of adjusted EBITA) and Innovation Group and Services (-11% of adjusted EBITA) making up the remainder. The company stands to be a beneficiary of increased spending on new lighting technology both for households and in commercial settings while the healthcare division continues to benefit from structural demand market shifts towards its product offering. Going forward, Philips is expected to generate adjusted earnings per share of €1.42 in 2014 (2013: €1.58), increasing further to €1.76 in 2015. Philips is trading on a 2014 P/E ratio of 15.8x (2015: 12.7x) and is also forecast to provide shareholders with a dividend yield of 3.6% in 2014, increasing in subsequent years.

Volkswagen

Volkswagen is the largest manufacturer of automobiles in Europe and one of the world's leading manufacturers. With one in every four cars (24.4%) in Europe made by Volkswagen, group sales totalled €197 billion in 2013 while profits before tax amounted to €12.4 billion in the same year. Geographically, Western Europe makes up 59% of revenue, but this has been declining by several percentage points over the last number of years as countries outside of Europe are growing at a much faster rate than within the European Union. Volkswagen caters to a wide variety of price ranges from entry level brands such as Seat and Skoda all the way to Bentley, Porsche and Bugatti. A key focus of the group is to continue its expansion in to Asia and management have set long term targets to 2018 which will see Asia continue to be the largest end market for the group while nearly doubling the group's operating margin from 3.5% to greater than 6%. Volkswagen currently trade on a P/E of 7.8x 2014 consensus earnings forecast (2015: 6.9x) and on an 2014 EV/EBITDA multiple of 7.1x (2015: 6.5x) and is forecast to provide shareholders with a dividend yield of 2.9% in 2014, forecast to increase to 3.5% in 2015.

Pfizer

Pfizer is one of the largest pharmaceutical companies in the world (market capitalisation: \$179 billion) with significant exposure to both pharmaceutical products and consumer healthcare products. Key pharmaceutical brands that Pfizer owns include Celebrex, Lipitor, Viagra and Xanax among many others. The company has leading consumer products that include Advil, Centrum and Robitussin. In 2013, Pfizer generated revenue of \$51.6 billion (2012: \$54.6 billion) and a net income attributable to the group of \$22.0 billion (2012: \$14.6 billion). For 2014, management are guiding for revenue to be in a range of between \$48.7 billion - \$50 billion and for adjusted earnings per share to amount to between \$2.20 - \$2.30. The company has historically expanded through acquisition, buying Wyeth in 2009 and more recently, the company launched a failed bid to acquire AstraZeneca. Pfizer also spends a significant amount on stock buybacks with \$5 billion guided for 2014 (2013: \$16.2 billion) and the company is forecast to have a net cash position of \$16.8 billion at the end of 2014. Pfizer is trading on a 2014 P/E ratio of 12.5x (2015: 12.5x) and has a 2014 dividend yield of 3.7%.

2.7 Liquidity

The underlying BBVA Note will be listed on the Irish Stock Exchange and is a tradable investment (subject to the Warnings below), issued by BBVA Global Markets B.V.

Banco Bilbao Vizcaya Argentaria, S.A. (BBVA) will endeavour to make a secondary market in the Note, subject to it being satisfied that normal market conditions prevail. Any prices indicated will be dependent upon factors affecting or likely to affect the value of the Note such as, but not limited to, the remaining time to the Maturity Date, the outstanding principal amount, the Issuer's or, if applicable, the Guarantor's credit risk, the performance and volatility of the underlying asset, interest rates, exchange rates, credit spreads and any incidental costs etc. To the extent Banco Bilbao Vizcaya Argentaria, S.A. holds Notes that it can offer and subject to it being satisfied that normal market conditions prevail, such prices will have a bid-offer spread no greater than 1.00%.

Banco Bilbao Vizcaya Argentaria, S.A. may determine a bid and offer price in a different manner than other market participants and prices can vary. Sometimes this variance may be substantial. Banco Bilbao Vizcaya Argentaria, S.A. may be the only market maker in the Note which may affect liquidity.

Therefore, investors will, in normal market conditions be able to sell the Note at any time during the term. The price at which the Note can be sold will be the open market value determined by Banco Bilbao Vizcaya Argentaria, S.A. which will take fees and charges into account and can be lower than the initial amount invested.

Warning: No representation is made as to the existence of a market for the underlying BBVA Notes. Banco Bilbao Vizcaya Argentaria, S.A. will endeavour to make a secondary market in the Notes, subject to it being satisfied that normal market conditions prevail. Any prices indicated will be dependent upon factors affecting or likely to affect the value of the Notes such as, but not limited to, the remaining time to the Maturity Date, the outstanding principal amount, the Issuer's or, if applicable, the Guarantor's credit risk, the performance and volatility of the underlying asset, interest rates, exchange rates, credit spreads, and any incidental costs etc.

Warning: Banco Bilbao Vizcaya Argentaria, S.A. may determine a bid and offer price in a different manner than other market participants and prices can vary. Sometimes this variance may be substantial. Banco Bilbao Vizcaya Argentaria, S.A. may be the only market maker in the Notes which may affect liquidity.

Warning: Deductions for charges and expenses are not made uniformly throughout the life of the product, but are loaded disproportionately onto the early period. If an investor sells the underlying BBVA Notes prior to the end of the 5 Year term, the practice of front-end loading will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested.

Warning: If you cash in your investment before 10 October 2019 you may lose some or all of the money you invest.

Warning: The value of your investment can go down as well as up.

2.8 Fees & Charges

The Fees & Charges associated with the Bond are fully reflected in the terms. This means that they are built into the price paid for the Bond. Merrion Solutions is expected to receive an indicative commission of 2% in relation to its production of the Bond. Financial Brokers do not receive a commission in relation to the advice they provide to Pension and Post Retirement investors in the Bond.

The total indicative commission payable to the parties involved in the Bond is 2% of the amount initially invested (based on market conditions on 11 August 2014). This commission amount will be reflected in the quoted price of the Bond if sold prior to maturity.

Warning: Deductions for charges and expenses are not made uniformly throughout the life of the product, but are loaded disproportionately onto the early period. If an investor sells the Bond prior to the end of the 5 Year term, the practice of front-end loading will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested.

2.9 Administrative Process

All of the Key Features outlined in this document are indicative and the final investment terms will not be known until 3 October 2014. Investors will be advised of the final terms in the Confirmation Certificate issued within 5 business days of the Issue Date on 10 October 2014. Your investment will only proceed if the Potential Annual Return is at or above 5.75%.

The Bond has been designed for Pension and Post Retirement Investors. Pension and Post Retirement Investors can invest via the following types of schemes:

- Self Invested Pension Schemes.
- Self Invested Approved Retirement Funds (ARFs) and Approved Minimum Retirement Funds (AMRFs).
- Self Invested Pre Retirement Bonds.

Investors must complete and sign the Application Forms below. Your Financial Broker will assist you in completing your Application Form and in submitting the required documentation.

2.10 What happens if I die before the Bond Matures?

In the event of death of a sole investor or a surviving joint investor, the Bond may be held by the administrators of the estate until maturity. Alternatively, the Bond may be sold prior to Maturity, subject to normal probate regulations, at its realisable value which may be lower than the original amount invested and lower than the Capital Protected amount. The proceeds from the sale of the Bond as a result of death will be paid to the investing life company.

Warning: Deductions for charges and expenses are not made uniformly throughout the life of the product, but are loaded disproportionately onto the early period. If an investor sells the Bond prior to the end of the 5 Year term as a result of death, the practice of front-end loading will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested.

2.11 Taxation

It is our understanding that any return will be exempt from taxation for Pension and Post Retirement Investors. However, the taxation treatment of the Bond will be based on Revenue's policy at the time of the realising of any gain and on the individual circumstances of each investor.

Warning: The above information represents our understanding of the taxation treatment of the Bond but does not constitute tax advice. Investors should satisfy themselves independently of the taxation treatment of the Bond in their particular circumstances.

Warning: Investors should satisfy themselves independently in relation to revenue reporting requirements and the implications of non-disclosure where required.

Warning: Tax rates and the Revenue's policy in relation to the taxation treatment of this instrument are subject to change without notice.

3. General Risk Warnings

Warning: If BBVA defaults or goes bankrupt you may lose some or all of your investment and because you are investing in a Note issued by BBVA Global Markets B.V. and not a bank deposit, you will not be eligible for compensation under any Deposit Guarantee or Deposit Compensation Scheme.

Warning: If you invest in the Bond you can lose 5% of the money you invest.

Warning: Investors will benefit from the Potential Return if the predefined return condition is met. Investors will not benefit from any additional positive investment performance generated by the Underlying Investments over and above the Potential Return level provided in advance. Investors will not benefit from any dividends on the Underlying Investments.

Warning: The Note underlying the Bond is a debt obligation of BBVA Global Markets B.V. and all payments on the Bond, including the repayment of principal, are subject to the credit risk of BBVA. Credit ratings can be a useful way to compare the credit risk associated with different product providers and related investments. Credit ratings are assigned by independent companies known as ratings agencies and reviewed regularly. The guarantor, BBVA's long term credit rating as at 11 August 2014 is Baa2 from Moody's (its equivalent rating by Standard and Poor's is BBB and from Fitch is A-). You should note that Moody's rate companies from Aaa (Most Secure/Best) to C (Most Risky/ Worst), while Standard & Poor's and Fitch rate companies from AAA (Most Secure/Best) to D (Most Risky/ Worst). Each of Moody's, Standard & Poor's and Fitch are independent ratings agencies. These credit ratings are reviewed on a regular basis and are subject to change by these agencies.

Warning: The Bond is for Distribution by way of a Private Offer in the Republic of Ireland only.

Warning: Investors in the Bond will not benefit from dividends or coupons from the underlying shares.

Warning: The Underlying Investments can be volatile.

Warning: Investors should not read this document alone but should also read the associated prospectus which is obtainable from Merrion Solutions or from your Financial Broker where the Terms & Conditions and a full list of Warnings are provided.

Warning: Merrion Solutions has not provided any financial, legal, regulatory, tax, accounting or investment advice and does not accept any responsibility for the appropriateness or suitability of the Bond for any investor.

Warning: This product may be affected by changes in currency exchange rates.

Potential investors are urged to consult with their legal, regulatory, investment, accounting, tax and other advisors with regard to any proposed or actual investment in the Bond and to review the Base Prospectus.
