

Complete Solutions Approved Retirement Fund 1 (ARF1) and Approved Minimum Retirement Fund 1 (AMRF 1) Product Guide

	Option A: 0.75% Base Annual Management Charge (AMC)*		Option B: 1% Base AMC*		
Features					
	ARF	AMRF	ARF	AMRF	
Minimum term	None	None	None	None	
Minimum age at entry	19 next birthday	19 next birthday	19 next birthday	19 next birthday	
Maximum age at entry	None None		None	None	
Minimum investment amount	€10,000	€10,000	€10,000	€10,000	
Millimani investment amount	Please refer to your Self-invested Fund Guide for the minimum amount required to invest in that fund.				
Minimum top-up amount	€1,000	€1,000 €1,000		€1,000	
Maximum investment amount	None	€63,500	None	€63,500	
Regular withdrawals	ARF: Up to 15% of the fund every year. Can be taken monthly, quarterly or yearly. Each withdrawal must be at least €350. AMRF: Not an option				
Lump sum withdrawals	ARF: Can be taken at any time subject to a minimum amount of €350 (At least €1,000 must be left in the plan after the withdrawal). AMRF: Clients can only withdraw any growth over and above the original investment amount. Exit charge: An exit charge may apply – see Single contribution exit charge section below for more details.				

^{*} The Base Annual Management Charge is the effective yearly charge under each option, assuming investment in the Self Invested Fund. As the Self Invested Fund Management charge is actually 1% under this contract, the Base Annual Management Charge of 0.75% referred to under Option A above includes a rebate of 0.25%, which when combined with the 1% fund charge, results in an actual yearly charge of 0.75%. Investment in a fund(s) with a higher management charge could obviously result in a higher Annual Management Charge than above.

Warning: If you invest in this AMRF you will not have access to your initial investment amount until age 75.

Warning: If you invest in this product you may lose some or all of the money you invest.

	Option A:	Option B:			
Investment amount	Gross allocation rates (before commission) *				
€10,000 - €100,000	101%				
€100,000 - €200,000	102%	104%			
€200,000+	103%				
* Where both an ARF and AMRF contract are being set up together, we will combine the investment amounts in order to determine the allocation rates for each plan.					

	Option A:	Option B:		
	Single contribution exit charge			
Years 1 to 3	5%	5%		
Year 4	3%	3%		
Year 5	1%	1%		

Notes: 1. The exit charge applies if the plan is transferred to another contract or a lump sum withdrawal is taken in the first 5 years.

2. This charge does not apply on regular withdrawals, imputed distribution or on death.

Warning: The value of your investment may go down as well as up.

Warning: This product may be affected by changes in currency exchange rates.

^{**}The Self-Invested Fund is a complex fund which gives your clients control over where their pension fund is invested. For more information on how it operates and the charges involved please see 'Your guide to your Self-Invested Fund.

Complete Solutions Approved Retirement Fund 1

Customer Target Market

This ARF is suitable for clients who want to manage their retirement fund and want to take a regular withdrawal every year. This ARF plan will also suit clients who want to pass their ARF plan on to their family when they die.

It is important to make sure clients who invest in this plan meet the following criteria:

- They are currently in a personal pension plan, Personal Retirement Savings Account (PRSA), have an Additional Voluntary Contribution (AVC), are members of a company pension scheme or personal retirement bond which provides ARF options or are currently invested in another ARF plan.
- They already have a guaranteed pension income for life of €12,700 a year. Or have used €63,500 to invest in an AMRF or buy a pension for life.
- They want to take a regular withdrawal from their ARF based on a percentage of their fund value. If they do not take a regular withdrawal, we
 must pay a minimum withdrawal of 5% of the value of their fund. If the total fund value of the client's ARFs and vested PRSAs is €2,000,000 or
 more, a minimum withdrawal of at least 6% of the value of their fund must be taken.

Risks

- If the client's regular withdrawal is greater than the fund growth, this will reduce the original investment amount and the fund could run out before the client dies. The higher the withdrawals the higher the risk of this happening.
- · ARF withdrawals are not guaranteed for life.
- The level of risks clients are exposed to will depend on the type of funds they are invested in. Please see the Fund Guide for fund descriptions and information on risk.

Complete Solutions Approved Minimum Retirement Fund 1

Customer Target Market

This AMRF is suitable for clients who want to manage their retirement fund and want to withdraw any profit their fund makes. This plan will also suit clients who want to pass their AMRF plan on to their family when they die.

It is important to make sure clients who invest in this plan meet the following criteria:

- They are currently in a personal pension plan, PRSA, have an AVC, are members of a company pension scheme or personal retirement bond which provides ARF options or are currently invested in another AMRF plan.
- They do not have a guaranteed pension income for life of €12,700 a year or have not used €63,500 to buy a pension for life.
- They are not looking to take regular withdrawals from their fund. Withdrawals can only be taken from any gain made over and above the original amount invested.

Risks

- Withdrawals are not guaranteed as they are dependent on the plan growing above the original amount invested.
- The level of risks clients are exposed to will depend on the type of funds they are invested in. Please see the Fund Guide for fund descriptions and information on risk.

Warning: If you invest in this product you may lose some or all of the money you invest.

Warning: The value of your investment may go down as well as up.

Warning: If you invest in this AMRF you will not have access to your initial investment amount until age 75.
